TWO-DAY COURSE: MEDIA SKILLS FOR SCIENTISTS

AUCKLAND
21-22 NOV 2013

Hosted by
AUT
UNIVERSITY

Science Media SAVVY is designed to give scientists and researchers the confidence and skills they need to engage effectively with the wider public through broadcast, print and social media.

Participants gain practical techniques to improve their communication, deal with nerves, adapt their message to their audience, influence headlines, and respond effectively when an interview becomes challenging.

Active researchers at any level of prior media experience are welcome to apply.

- IMPROVE PUBLIC OUTREACH
- GET YOUR MESSAGE OUT
- ENGAGE WITH JOURNALISTS
- LEARN HOW TO HANDLE CONTROVERSY AND RISK
